

Highlights

PAVE Prevention is striving to create safer practices within their workplace by:

- Shaping a safer and healthier culture within corporate, organizations, and entities.
- Building higher functioning and more productive world of work environments.
- Enhancing profitability and well-being within the corporate domain.

Impact Thesis

To create a social enterprise which offers guidance and advice to companies, their employees, and the communities they operate within on how to proactively prevent, react to, and heal from violence

Executive Team

- Arlene Limas, CEO
- Luis Jimenez, CFO

Business Model

After assessing the needs of our clients, we then design customized programs and connect clients with our portfolio of prominent level tested violence-prevention programming.

Ask

PAVE is seeking an investment of \$150,000.00 USD to administer six (6) pilot programs/beta tests that will consist of our "Repaving Process" (products, assessments, program administration, and data collection) toward PAVE Compliance.
